The Applicant shall pay for electric energy purchased hereunder at the time at the rates determined from time to time by the Cooperative in the manner prescribed in the bylaws of the Cooperative. Further, Applicant shall provide the Cooperative rights of ingress/egress for maintaining and operating the Cooperative's facilities, and all other duties necessary to operate and maintain the Cooperative's system.
4. The Applicant will comply with and be bound by the provisions of the Charter and bylaws of the Cooperative and such rules and regulations as may be adopted from time to time by the Cooperative. Copies of all the foregoing which are on file in the Cooperative's principal office at Kearney, Missouri, have been furnished to the Applicant or made available to Applicant at such office and the same are incorporated into this application to the same effect as though fully set forth herein.
5. The Cooperative shall not be liable to the Applicant or any other person if it is unable to supply electric energy to Applicant or such supply shall be interrupted or defective through failure or breakdown of Cooperative's supply of electric energy from its supplier or if such failure or interruption or defective condition is caused by failure or breakdown of Cooperative's facilities or by strike, necessary repair of its facilities, labor disturbance, riot, act of God, by accident, the elements, inability to secure right-of-way, or other permits, or authority necessary to provide the same, prohibition by legal processes, direction of any governmental agency or by any other cause beyond the reasonable control of the Cooperative.
6. The private property of the Applicant, as a member of the Cooperative, shall be exempt from execution for the debts of the Cooperative, and no member of the Cooperative shall be liable or responsible for any debts of the Cooperative.
